Your suggested expanded commentary in explaining the need for the legislation is helpful and will be included in the legislative program.

New — Overseas Medical Program

Since the Director has authority to establish such a program under section 4(b) of the CIA Act, we do not believe that legislation is necessary to implement this program.

New — $50,000 Travel Insurance

This proposal also can be achieved through regulation without the need for legislation.

4. The "GEHA Differential" proposal is more in the nature of a budget and funding request and has been forwarded to the Comptroller for appropriate action.

5. Let me know if you wish to further discuss any of the above proposals or our intended course of action with respect to them.
